a. "High degree of personal attention...has resulted in considerable good will on the part of the two trainees which in turn enhance the success of the liaison."

b. "Students have gained a wealth of knowledge which will be of great benefit to their respective services and at the same time to their stations."

c. "Training program was particularly valuable in cementing good relations with subject who has recently been appointed chief of his service."

d. "Instructors demonstrated infinite patience vis-a-vis their student and a friendship which never wavered for an instant. The courses were undertaken in a spirit of comradeship which I had only seen in the stress of PW camps in the war."

4. On a continuing basis, the Office of Training provides briefings on the missions, charter, and functions of the CIA to the Air Command and Staff School, Maxwell Air Force Base, Alabama; the Counter Intelligence Corps School, Fort Holabird, Maryland; the Armored School, Fort Knox, Kentucky, the Psychological Warfare School at Fort Bragg, North Carolina; and, locally, to the Naval Intelligence School and the Strategic Intelligence School.

5. The Office of Training has also presented a six-day seminar on collection techniques of certain foreign states and has provided instructional material for indoctrination officers of the Air Technical Intelligence Center at Wright-Patterson Air Force Base. Personnel and logistical support to the Air Force has been provided in the fields of Survival, Evasion, and Escape; first, in establishing and conducting the SAC Survival School at Camp Carson, Colorado; and second, the MATS Survival School at McCall, Idaho.

6. For the Department of State, counsel and assistance has been given by the Office of Training representatives on setting up a reading improvement laboratory; meanwhile, about thirty persons from the Department of State have been trained in the Agency laboratory. Office of Training representatives have presented and will present in the future lectures on Communistic strategy at the Foreign Service Institute course. Several representatives each from G-2, Department of State, Directorate of Air Force Intelligence, Office of Naval Intelligence and the National Security Agency have been trained in the Basic Intelligence Course.
